## LIKE ONE MR. BARKUS

Admiral Dewey Is Willin' and As-sents to Presidential Boom.

DECLINES TO STATE HIS PARTY.

Yielding to the Pressure of Friends, the Naval Hero Decides to Enter the Race For Political Preferment.

Washington, April 4.—Admiral George Dewey confirmed the interview published in a New York paper that he will accept the presidency of the United States, should the American people desire him to fill that office. He refused to make any further statement. The greatest interest was manifested in official and other circles by the announcement made by Admiral Dewey in the published interview. His home on Rhode Island avenue was besieged all the morning by newspaper representatives.

Naturally the chief point of inquiry was as to which of the great political parties Admiral Dewey would be the candidate of, but to questions of this character the replies indicated that no positive determination had been reached.

The determination prevails that, regardless of the outcome of the admiral's movement from a political point of view, his entrance into the arena of politics marks a termination of his activities in the navy. That it is believed that his retirement is impending, but it is felt that, engrossed as he will be in his other aspirations, the admiral will not be able to spare the time necessary for the discharge of purely naval duties.

### ADMIRAL DEWEY

Declines to State Which Ticket He Will Head.

Indianapolis, April 4.—A special from Washington says: In an interview with a correspondent Admiral Dewey confirmed the report that he is willing to be a candidate for the presidency. He says he will accept the nomination if it is tendered him.

"It was after the most serious consideration that I decided to make formal announcement of my position," said the admiral. "I have been strongly urged to do so by a great many friends. They were friends upon whose judgment I believed I could rely, and whose good intentions I would not doubt. They said they believed I owed it to the American people to make my position clear on this matter. My name has been used in this connection and there have been all kinds of reports. My friends thought I owed it to the people to set all doubts at rest by declaring that I adhered to my original refusal or that I had changed my mind. So I decided to speak. My position is just this. I regard the position of president as the greatest honor in the gift of the nation. It is an honor to which no man can be indifferent. I am simply like other citizens, in that I would appreciate the honor."

Asked as to his platform, and what party he would stand with, the admiral says: "That is a matter for later consideration. At present I have simply signified my willingness to be a candidate. It is possible the people will not see it in that way. There will be time enough to discuss features connected with my candidacy when I am a candidate."

Admiral Dewey declined to state whether he was a Democrat or a Republican.

### To Head Off Bryan.

New York, April 4.—A Washington special says: "It has developed that the announcement of Admiral Dewey's candidacy is a part of a well-laid plan of eastern Democrats to head off Mr. Bryan's nomination. The admiral will not admit that there is any organization behind his candidacy or state whether he would like the Republican or the Democratic nomination. He said that he was in the hands of the American people, and was willing to obey orders from them as he has been from his superiors in the navy."

### Porto Rican Bill in House.

Washington, April 4.—The course to be pursued on Porto Rican tariff bill was the subject of much informal conference among house leaders, but no exact line of action was announced. Chairman Payne of the ways and means committee, to which the bill had been referred, said it would be futile at this early stage to say what course the committee would adopt. He conferred with the speaker, but no statement was made as to any probable line of action. It is understood a plan which has received some consideration and support is for the substitution of the house plan of territorial govern-

ment for the senate plan, a nonconurrence in the senate amendments on the tariff section, and the submission of the whole subject to a conference committee of the two houses under the conditions mentioned. If this plan were adopted the territorial question and the differences between the senate and house on the tariff would be the chief matters to be adjusted.

### NOT A MILLION.

Senate Fixes Appropriation of Ohio Centennial at \$750,000.

Columbus, O., April 4.—A great crowd filled the lobby of the senate during the consideration of the Ohio centennial bill. Senator Patterson offered an amendment in line with Governor Nash's suggestion. It proposed to abolish the present centennial commission, and permit the governor to appoint another one of nine members, not more than five from the same party. The amendment was lost by 15 yeas to 16 nays.

An amendment by Mr. Sieber to cut the amount from \$1,000,000 to \$500,000 caused debate.

Senator Patterson declared that the original bill would be unconstitutional, and warned the centennial's friends that if the bill was passed as it stood the centennial would not get a dollar. The courts would hold the bill invalid.

Senator Harding gave it as his opinion that nearly all the opposition to the appropriation was inspired in Columbus, and was due to jealousy. The Sieber amendment was lost by 13 yeas to 17 nays. Sieber's \$600,000 amendment was lost by the same vote.

The Archer amendment cutting down the appropriation to \$750,000 was adopted, and one by Senator Patterson giving the governor the power to appoint a new commission of 11 members was agreed to. No more than six may be of the same party. The bill so amended then passed. Vote, 18 yeas and 13 nays.

### In the House.

Two bills were passed by the house which will no doubt anticipate further proceeding with the complicated code of game legislation intended to revise the whole chapter of game laws. Mr. Gear's bill to make the open season Nov. 10 to Dec. 1 for quail, rabbit etc., and from March 10 to April 10 and Nov. 10 to Dec. 1 for coot, mud hen and wild duck, passed by a vote of 73 to 3. Mr. Arthur's bill, requiring that hunters shall obtain written consent of the owner for hunting upon the premises of another also passed, the penalty being from \$15 to \$30.

The house passed Mr. Cole's house bill, providing that delinquent taxes on property forfeited to the state during the years of 1898 and 1899, for non-payment of taxes, shall be computed according to the decennial appraisal of 1900.

Mr. Hendley's house bill to require boards of equalization to complete their work before the Fourth Monday of February after beginning the equalization, and city boards of equalization before the second Monday of the ensuing April, was passed; also to require boards of health to thoroughly disinfect any school room in which five contagious cases appear among the pupils within 30 days.

### Mrs. Grant Starts Home.

St. Petersburg, April 4.—Mrs. Frederick Dent Grant left St. Petersburg on her way to the United States. Her daughter, the Princess Cantacuzene, who has been suffering for some time with pneumonia, is very much improved in health. Mrs. Grant says her daughter has not been seriously ill, and has had no occasion for the services of herself or of the trained nurse, whom she brought from the United States. Mrs. Grant is delighted with her trip to Russia and expresses a determination to return here this summer, when she hopes to be accompanied by her husband. She will visit the Prince and Princess Cantacuzene on their estates near Odessa.

### Filed His Report.

Louisville, April 4.—News has been received here that James M. Winters, special master in the suit of the Louisville Trust company versus the Louisville, New Albany and Chicago Railway company, otherwise known as the Menon, filed his report at Indianapolis. The case was referred to the special master on the question of whether or not the reorganization of the company and its sale under foreclosure was legal.

Washington, April 4.—There was a lively time in the senate over the Quay case, it being a continuation of the contest. After an hour's debate the case went over for another day. The Alaskan bill was then taken up.

### Burned to Death.

Clayton, Ga., April 4.—Albert Garrett and Albert Benfield, both residents of Rabun county were burned to death in the home of Garrett. The men were intoxicated.

## REJOINED MAIN ARMY.

Generals Colville and French Have Ceased Chasing the Boers.

ROBERTS DID NOT MEET HIS WIFE

Premier Schreiner. Fearing Personal Violence During an English Demonstration, Sought Refuge in Restaurant.

London, April 4.—General Colville and General French have given up the movement against the Boers east of Bloemfontein and have rejoined the main army. It doubtless seemed to Lord Roberts a vain thing to send from 10,000 to 12,000 of his best troops in the wilderness, with a field transport, in the direction of a right angle with his chosen line of advance.

The Boers have probably moved elsewhere, and if to the southwest General Colville could as easily strike them from Bloemfontein as by following them across the plains. Those inferences still leave the situation bewildering for the time being. The enormously superior British forces appear inactive in every part of the war field waiting yet, probably, for the accumulation of material for a swift advance on the Transvaal frontier.

The London military commentators and the public to some extent are irritated and confused by the situation.

Details received of the scenes on Green Market square, Cape Town. Tuesday, when Premier Schreiner encountered an English demonstration, show that the premier, fearing personal violence, sought refuge in a restaurant. He was hooted and tried to reach parliament house protected by police. The people shouted "Traitor," but he succeeded in reaching the house. Finally on the people again singing "God Save the Queen," he raised his hat amid cheers and was heard to say: "Reserve your judgment."

Lord Roberts did not meet his wife at Cape Town. She will proceed to Bloemfontein. The permanent bridge at the Modder river station has been finished. The first train has passed over it.

The British garrison at Springfontein was roused at midnight Monday by the intimation that the Boers in force were about to make an attack, but not a burgher appeared.

### British Troops Transported.

Lisbon, April 4.—The question of the transport of British troops across Portuguese territory from Bierra, Portuguese East Africa, into Rhodesia, having been brought up in the chamber of deputies, the foreign minister, Senor Beirro, made the following statement: "The transport of British soldiers by rail from Bierra to Umtali was requested by Great Britain and consented to by Portugal because the British government thereby only exercised a right recognized in the treaties between the two countries. The outbreak of war has not abrogated these treaties, which were concluded and signed prior to the war by Portugal in a spirit of loyalty. I have informed the Transvaal of this resolution."

### Defense of Pretoria.

Washington, April 4.—After Secretary of the Interior Hitchcock sent to Webster Davis a brief note, in which he said the president had asked him to announce that Mr. Davis' resignation had been accepted, to take effect April 4, Mr. Davis felt at liberty then to talk freely upon the South African situation, and to a friend he related the history of his trip. He said: "I viewed the defenses of Pretoria, and I consider them impregnable. I do not believe the English troops will ever pass the line of hills surrounding the town, bristling as they are with high power Krupp and Creusot guns."

### Hanging Together.

London, April 4.—Further details of the British reverse near the Bloemfontein water works tend to show that greater cohesion exists among the burghers of the Free State than had been imagined. The Standard's correspondent illustrates the "slimness" of the Boers by mentioning that they concealed themselves in the long grass, and further deceived Colonel Broadwood by making some of their number to appear unarmed as merely uninteresting spectators.

### Queen on Irish Soil.

Dublin, April 4.—Queen Victoria landed in Ireland for the first time in 39 years. The disembarkation from the royal yacht was accomplished at 11:30 a. m. The commander of the forces in Ireland, the Duke of Connaught; the Lord Lieutenant Earl Cadogan and their staffs, greeted her

majesty, and the ride from Kingstown to Dublin commenced in splendid weather and before huge and good natured crowds.

### Gatacre Will Protect Line.

Springfontein, Orange Free State, April 4.—Owing to information that the Boers are hovering in the neighborhood of the railroad running from that place to Bloemfontein, General Gatacre is preparing to take vigorous measures to cope with any attempt to cut off Lord Roberts' line of communication at that point.

### List Is Swelling.

London, April 4.—A further list of the casualties sustained by the British officers at Kooru Spruit March 31 adds 11 missing and 1 wounded, making the total thus far 32.

### A SHOT FIRED

At the Prince of Wales While Leaving Station at Brussels.

Brussels, April 4.—The Prince of Wales was shot at while leaving the railroad station here for Copenhagen. He was not hurt.

As the train was leaving the station of the Southern railroad an individual fired a revolver at the Prince of Wales, but missed his royal highness.

The attempt upon the life of the Prince of Wales occurred at 3:55 p. m. The would-be assassin jumped upon the footboard of the prince's saloon car as the train was starting and fired into the car, aiming at the Prince of Wales. The man was immediately arrested.

### Left For Copenhagen.

London, April 4.—The Prince and Princess of Wales started for Copenhagen for the purpose of attending the celebration of King Christian's birthday, which occurs April 8.

### The Baez Case.

Washington, April 4.—Solicitor General Richards of the department of justice has filed a brief in the supreme court which fixes the attitude of this government on the question of whether the constitution extends to the new possessions of the United States. The department of justice says it does not without act of congress. The case is that of Ramon Baez, a native-born inhabitant of Porto Rico, who applies for leave to file a petition for writs of habeas corpus and certiorari to secure his release from further imprisonment under a judgment of the United States provisional court of Porto Rico, sentencing him to two months' imprisonment for illegal voting at a municipal election held under the military order. The prayer is that the writ of habeas corpus be denied to Samuel C. Bothwell, marshal of the provisional court at Humacao, Porto Rico, commanding him to produce Baez before the supreme court, and that the writ of certiorari issue to the provisional court of Porto Rico, commanding it to forward to the court a transcript of its proceedings in this case.

### Against the Bank.

New York, April 4.—By a decision of the supreme court the city is saved \$847,000. The suit was brought by the Mercantile National bank to compel the tax commissioners to assess their shares of stock at 60 cents on the dollar, instead of the full value, the argument being that real estate is now assessed at the lower rate of 60 per cent. Corporation Counsel Whalen set up a demurrer, which has been sustained.

### Democrats Win.

Kansas City, April 4.—Full returns from the election in this city gives James A. Reed (D.), for mayor, a majority of 2,127 over P. S. Brown, Jr. (R.), supported by the present administration. Jones (R.) was elected two years ago by a majority of 1,439. The Democrats elected their entire ticket, with the exception of five members of the lower house, by pluralities of from 85 to 1,077.

### Iron Furnaces Purchased.

Ironton, O., April 4.—Rogers, Brown & Company of Cincinnati have closed negotiations for the purchase of the Means, Kyle & Company furnaces, railroad and mineral lands at Hanging Rock, at the price of \$496,750. Property is to be operated independent of any combination.

### Mr. Pepper Declines.

Washington, April 4.—Mr. Charles M. Pepper who was recently proffered the position of secretary to the Philippine commission, has declined the place. At the time the proffer was made Mr. Pepper was absent in Porto Rico, and no earlier opportunity was afforded for making known his declination of the honor.

St. Petersburg, April 4.—Charles-magne Tower, the United States ambassador here, and H. J. Hagerman, the second secretary of the American embassy, will go to the United States in May.

## RAZED TO THE GROUND

Mammoth Auditorium at Kansas City Destroyed by Fire.

THE COMING NATIONAL CONVENTION

Of Democratic Party Was to Have Been Held in the Ruined Structure—Steps Taken to Rebuild It.

Kansas City, April 4.—Convention hall, the mammoth and superb auditorium in which the Democratic convention was to have been held on July 4, was burned to the ground in less than half an hour's time by fire that started in the building at 1:10 p. m.

Within a few minutes after the fire caught, the whole structure, taking in half a block each way on Thirteenth and Central streets, was a mass of flames, and 20 minutes after the first alarm was turned in the great roof fell in with a crash, throwing showers of burning embers in every direction.

The fire started from the furnace room in the rear end of the building. A still alarm was turned in and before the first engines arrived the fire had gotten beyond control. Within 20 minutes every department in the city was at the scene, but the work of the fire men proved of no avail, and efforts were soon directed to saving the surrounding property.

At 1:30 the fire jumped two ways, attacking a half block of 3-story residences in the rear of the hall on Twelfth street and across Central street, where it first caught the Second Presbyterian church, one of the finest edifices in the city, and then the Lathrop public school, which was partially destroyed by a tornado in 1888. The children at the Lathrop school were just returning to their rooms after the dinner hour, when the fire started, and as far as known all escaped to places of safety.

The loss is estimated at \$350,000, apportioned as follows: Convention hall, \$225,000; Second Presbyterian church, \$30,000; Lathrop school, \$25,000; row of residences on Twelfth street, \$60,000.

The hall was well insured, and will be rebuilt immediately, in time for use for the national Democratic convention. Fifteen minutes after the hall was known to be doomed, members of the Commercial club, through whose efforts the structure was built, began soliciting funds to begin a new building, which, it is stated, will be started as soon as the ruins can be cleared away. The foundation remained intact.

All efforts were then directed toward preventing the flames from reaching north and west. One building, a block west of the hall, caught fire repeatedly from flying brands, but was extinguished. It is believed that the fire will be confined to the structures named.

At 2:15 the fire was pronounced under control, the flames having been confined to three or four small residences outside the hall, church, school and Twelfth street residences. The total loss is roughly estimated at from \$350,000 to \$450,000, with insurance about half the loss.

### Views of Senator Jones.

Washington, April 4.—Senator Jones, chairman of the national Democratic committee, says the committee will take no action until he has further information concerning what Kansas City proposes to do. If it is true, as reported, that the hall is to be rebuilt, there will be no necessity for making other arrangements.

### MASKED MEN

Blow Up Bridges and Burn Toll Houses in Indiana.

Logansport, Ind., April 4.—One hundred and fifty masked men blew up two bridges and burned two toll houses on the Logansport and Burlington pike at midnight. A family in one toll house moved out, and the mob ordered the family in the other one to get out before the torch was applied. The road is the only toll pike in the county and those obliged to patronize it have been hostile for a year. The Burlington bridge was burned three months ago, and the company refused to rebuild it. Protests have been directed against high toll and alleged bad condition of the pike. The mob was well organized. It had been rumored that a mob would destroy the property and a watchman was placed at one house. He offered no resistance when he saw the size and determination of the mob. A reward has been offered for the apprehension of the parties who burned the first bridge.

Buffalo, April 4.—Bishop Fowler of the Methodist Episcopal church is seriously ill. He was obliged to take to his bed 10 days ago.

The Goebel papers in this neck of the woods are not just now yawning themselves hoarse over the latest exploits of James Andrew Scott and Senator S. B. Harrel.—Public Ledger.

Really, why should the Goebel papers concern themselves about anything Mr. Scott or Mr. Harrel have done or may do? Neither of these gentlemen has ever been delegated to speak or act for the Democratic party. Nor are they likely to receive such authority.

REPUBLICANS are making a great-to-do over James Andrew Scott's efforts to secure a confession from Youtsey, one of the suspects in jail at Frankfort. Taking their own statements as to what Mr. Scott said, and there is no evidence that he wanted Youtsey to perjure himself, or falsely in the least. "If Youtsey will tell what I think he knows, he can hang Taylor and destroy the Republican party." Mr. Scott's aim seems to have been simply to get Youtsey to tell what "he knows," and Scott was justified in the belief that Youtsey did know a great deal concerning the infamous crime, for it is admitted that the latter was in the building from which the fatal shot was fired, at the time it was fired and that he hurried out of it, and then into the Governor's office through a rear door. If Youtsey ever does confess, and tell all he knows, it is ten to one that the chances of convicting the assassin will be very greatly increased, if not altogether assured.

Mr. JAMES FITZGERALD, who has been critically ill for several days, is very much improved and is now in a fair way to recover, much to the gratification of his friends.

Let it be borne in mind that a car will be waiting at Chenoweth's corner at 10 o'clock to-night for those who have been in attendance upon the book reception at the St. Charles Hotel.

"A awful anxiety was felt for the widow of the brave General Burnham, of Machias, Me., when the doctors said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. ### Cold Steel or Death.

"There is but one small chance to save your life and that is through an operation," was the awful prospect set before Mrs. I. B. Hunt, of Lime Ridge, Wis., by her doctor after vainly trying to cure her of a frightful case of stomach trouble and yellow jaundice. He didn't count on the marvelous power of Electric Bitters to cure stomach and liver troubles, but she heard of it, took seven bottles, was wholly cured, avoided surgeon's knife, now weighs more and feels better than ever. It's positively guaranteed to cure stomach, liver and kidney troubles and never disappoints. Price 50c., at J. Jas. Wood & Son's drug store.

## OUR PARIS PATTERN HATS.

### WM. N. HOWE.

One of Maysville's Oldest and Most Highly Esteemed Citizens Passed Away at Midnight Last Night.

In the death of the venerable Wm. N. Howe, Maysville loses one of her oldest and most highly esteemed citizens.

Although Mr. Howe had been rather feeble for several months, yet with the exception of a few days now and then he was able to go about over the city looking after his business affairs up to last Thursday or Friday, when he was stricken with pneumonia. His condition soon became very critical, yet he held up remarkably well until last evening when he became unconscious, the end coming peacefully at the hour of midnight.

Mr. Howe was born in Fleming County and was eighty-six years old the 30th of last September. He leaves one brother, Joseph P., of Kansas City, who is over ninety-one years old, and one sister, Mrs. Sarah Campbell, of Aberdeen, who is in her eighty-second year. He was married three times, his last wife, who was Miss Judith King, surviving him. He leaves four daughters, Mrs. Thomas Glascock, of Fleming County, Mrs. Robert Overly, of Mt. Sterling, Mrs. James Wyatt, of Carroll County, and Mrs. John Weimer, of Colorado Springs. The latter arrived at his bedside shortly before the end came.

Since 1852 Mr. Howe had lived in or near Maysville. For years he had been a faithful member of the Christian Church, and had served as Elder of the church in this city for a long time. His life was

### RIVER NEWS.

Passengers on the Packets Must Keep Out of the Pilot Houses—Capt Hall Branching Out.

There is considerable feeling among rivermen in regard to the latest order issued by James A. Dumont, Supervising Inspector General, and sanctioned by Lyman J. Gage, Secretary of the Treasury. The order is to masters and pilots of steamers carrying passengers. It states that all persons shall be excluded from the pilot-houses of all passenger steamers while under way, except officers of the steamboat inspection service, licensed officers and persons engaged in learning the profession of pilots. Capt. Roe, of the steamer Kanawha, says that pilots of passenger steamers would have troubles of their own in enforcing the rule. He said that all persons who engage passage on boats desired to go into the pilot-house at least once during the trip. This is where the trouble will come. He said that signs can be placed all over boats, but the people will go in the pilot-house anyway. He thinks the only way to enforce this new order is to lock the pilot of the boat in his room from the time he goes on watch until he is relieved.

Capt. Fred Hartweg, of the Huntington and St. Louis Towboat Co., now a part of the Monongahela river coal combine, has bought out the one-fourth interest of the White Collar Line in the Queen City marine ways.

Capt. T. J. Hall, owner of the Gate City and barges, has bought a half interest in the towboats Convoy and Eagle and thirty barges. Capt. Charles Mitchell of this city is a part owner of the Gate City, and is also very probably interested in the new deal.

## "The Little Minister."

It seems to be as easy to please playgoers with the lives and affairs of one people as with another, if they are only natural people, who do and say things in which the audience recognize the "touching nature that makes the whole world kin." The quaint Scotch folks with their narrow views of life and their hidebound religion, as revealed in Mr. J. M. Barrie's "The Little Minister" have made friends as fast and as many as have the quaint folks of our own New England, because all of them are taken from nature and thus creep into our hearts. "The Little Minister" as presented by Mr. Charles Frohman's company is certainly a delightful play. Washington Opera House, Saturday, April 7th. Seats on sale Thursday morning at Nelson's.
